THE FRANKLIN ACADEMY: PAST, PRESENT AND FUTURE
The Franklin Academy began in 1998 as a Public Charter School serving kindergarten through fifth grade. Since then, we have added sixth through twelfth grade and more than doubled our student population. North Carolina’s Department of Public Instruction recognized our school as a School of Distinction and a School of Excellence and we are one of the most established operating charter schools in the state.

The future of the Franklin Academy is just beginning and we are glad you choose to grow with us!

We Believe

We believe that all students deserve a safe, supportive, structured and orderly learning environment.

We encourage appropriate behavior through the implementation of high expectations consistently held in all classrooms throughout our school which are supported and enforced through teaching, guiding, directing and providing opportunities for new learning to occur.

We create opportunities for students to practice and succeed in making responsible effective choices in order to reach their academic and personal goals while being a productive member of the school community.

**FRANKLIN ACADEMY**

**INTRODUCTION TO OUR HANDBOOK**

This handbook is provided to present an overview of the policies, regulations and procedures followed at the Franklin Academy.

As Franklin Academy partners with parents and students, it is essential for families to understand, be in agreement with, and remain supportive of the vision, mission, purpose and beliefs of the school. Additionally, as a partner with Franklin Academy, your utmost respect for the advancement of the school’s mission as well as the support of the school’s rules, policies, procedure, administration and faculty are imperative. By enrolling your child as a Franklin Academy student, it is important for parents to understand that you and your student are agreeing to abide by the mission, standards, and policies of Franklin Academy. Each student is expected to respect the rights and privileges of other students, teachers and guests. Students shall exercise their rights responsibly and in compliance with the guidelines established for the orderly conduct of the school’s educational mission.

In light of this it is essential that the school and home work together to assure that all students meet the high expectations for behavior and academics set forth in our handbooks and through daily practice within our classrooms. As such, we strongly encourage and welcome parents/guardians to be involved in their child’s education, and to become part of the school community by attending events or volunteering at school where such opportunities are available. When participating at school events, all guests are expected to act in an appropriate and courteous manner towards school faculty, staff and students.

This handbook is not intended to in any way restrict the authority of the school’s administrators, teachers or staff to make such rules, not inconsistent with this code, as they are authorized by law to make for the operation of their school or classes. The Board of Directors encourages and supports the right of the school’s administrator to employ a variety of disciplinary actions which may include, but are not limited to, suspension from school events and activities and out-of-school suspension. Grievances and expressions of dissatisfaction may be directed to school administration or the board of directors to be addressed directly.

As a living document, the policies contained within this handbook continue to be reviewed and updated by the Franklin Academy Board of Directors. Any amendments to this document will be provided to students, staff and parents.

**ORGANIZATIONAL PATTERN AND CURRICULUM**

Teachers at all grade levels follow the North Carolina Common Core and Essential Standards as a skeletal framework for content taught at each grade level. Parents can view the Common Core and Essential Standards by visiting North Carolina’s Department of Public Instruction at www.ncpublicschools.org.

Kindergarten is located in Franklin Academy I (the lower building). Grades one and two are located in Franklin Academy II (the upper building). Grades three through five are located at Franklin Academy IV, and grades six through eight are located at Franklin Academy III on Chalk Road. Grades nine through twelve are located at Franklin Academy V which is located on Flaherty Avenue.

The Franklin Academy has adopted a Direct Instruction format for instruction of core curriculum. The goal of Direct Instruction is to accelerate learning by maximizing efficiency in the design and delivery of instruction. Some of the delivery elements of Direct Instruction are rapid pacing and choral group responses, which are punctuated by individual turns. The design of Direct Instruction lessons includes every component to make a lesson successful. Each Direct Instruction program is extensively revised based on specific student error data from field tests. While using Direct Instruction, teachers are able to consistently test for mastery of each objective being taught. This allows for a higher time-on-task and retention level.

MASTERY BASED PROGRAMS

At the Franklin Academy, students are grouped homogeneously for Reading, Math and Language Arts. Students are placed in an appropriate level based on assessments and placement test. Franklin Academy uses mastery based direct instruction programs. This means that students are expected to achieve mastery within their level. Retests are given when a student scores below 85% on assessments in Math, Reading, Spelling and LA. Retests are for mastery of skill, grade inflation will not occur. The school has established criteria for moving students from one level to another. Parents are notified of this accordingly.

GUIDELINES FOR ABOVE LEVEL MATH AND READING/ELA CLASSES K-8

Student placement in an above grade level class is reviewed throughout the year. In order to remain in an above grade level class, students must demonstrate mastery of materials by meeting the following criteria:

- Grades K-5: class average of at least 90% to be reviewed at each marking period
- Middle School Advanced Placements
  - Math: Grades 6-8 class average of at least 88% to be reviewed at each marking period
  - ELA: Grades 6-8 class average of at least 90% to be reviewed at each marking period

PARENT REQUESTS FOR ADVANCED PLACEMENT

Students are assigned placement in Reading/Language Arts and Math based upon a number of factors including classroom performance. New students to Franklin Academy are assessed and placed according to placement guidelines established through curriculum-based assessments. These placements are fluid and may change over the course of the year dependent upon a student’s ability to meet or exceed mastery levels as outlined in our handbook. Parent requests for advanced placement with no supporting evidence (i.e. consistent classroom performance above mastery and/or placement test performance) cannot be accommodated as they negate the purpose of grouping students homogenously.

HOMEWORK PHILOSOPHY
The Franklin Academy believes that homework is an essential and integral part of every student’s total education program. Through homework, classroom instructions are reinforced, high expectations are supported, students are motivated toward self-direction and the relationship of the school and home in the learning process are strengthened. Accordingly, classroom teachers will require assigned homework upon the objectives and guidelines, which follow:

1. To serve as an extension of the learning process.
2. To reinforce skills taught through practical application.
3. To improve study skills and work habits.
4. To develop self-discipline and a sense of responsibility.
5. To enhance home-school communication by providing the parents with the opportunity to monitor their child’s progress on a regular basis.
**Franklin Academy**

**School-wide Grading and Academic Information**

**Homework on the Weekends**
Students in grade K-8 will not be assigned written homework on the weekends. As a result, students and parents can expect that homework will only be assigned for Monday night through Thursday night. Please note that long-term (weekly or more) assignments/projects may be assigned at teacher discretion and may include the weekend in the time frame for completion.

**Homework Hints**
Parental assistance in monitoring homework and home study can greatly benefit both students and teachers in their mutual task of learning/teaching. Some suggestions which parents may find helpful are offered below:

1. Utilize the school-issued agenda to record nightly assignments in each class. Parents are encouraged to check and sign their child’s agenda daily.
2. Schedule daily study times in a quiet, well-lit location.
3. Talk to your child about his/her school activities every day.
4. Keeping a supply of paper, pencils and other materials in the study area is helpful, as is access to dictionaries and encyclopedias.
5. Establish a daily routine to check your child’s completed homework
6. Children should be encouraged to seek help from parents if they are having trouble understanding an assignment. However, once areas of confusion are addressed, children derive the most benefit from the task if they complete assignments on their own.
7. Parents and students should check RenWeb daily to see assignment and projects that may not have been recorded in the agenda.
8. Encourage children to take pride in what they accomplish will help to instill a positive approach to homework and home study assignments.

**Late Work Policy: Grades K-2**
Work turned in late will receive a 10-point deduction for each day the item is late. If a student is out due to illness, they have 1 day for every day out to complete missed work. If a student as an extended absence due to an emergency, please discuss with your administrator in order to determine if missed assignments should be modified.

**Late Work Policy: Grades 3-5**
Work turned in one day late will receive a 10-point deduction for each day the item is late. Students will have three (3) school days from the due date of an assignment to turn it in for credit. After three days it will become a permanent zero. If a student is out due to illness, they have 1 day for every day out to complete missed work. If a student as an extended absence due to an emergency, please discuss with your administrator in order to determine if missed assignments should be modified.

**Accessing Grades Via RenWeb**
Teachers in Kindergarten through Eighth Grade will use RenWeb to inform parents of student progress. Assignments will also be listed in RenWeb, but students are encouraged to utilize their school-issued agenda to record daily assignments in class before leaving for the day. The school provides RenWeb user names and passwords during the first track. Parents may then access their accounts via the Internet.
MAKE-UP WORK POLICY
The teacher will determine credit for make-up work following an unexcused absence. In making the determination about credit, they will take into account the following:
1. The past performance of the student;
2. Circumstances that may have made the unexcused absences unavoidable;
3. Unusual family circumstances;
4. Nature of specific learning activity;
5. Other issues that the teacher determines to be relevant to the situation.

Schoolwork will be made up for excused absences under the following conditions:
1. If the absence is approved in advance and/or if the work is assigned by the teacher in advance, all make-up work, including tests assigned for the day of return, is due upon the student’s return to school.
2. If the make-up work has not been assigned in advance, the student will have one (1) day for each day absent.

Absences resulting from an out-of-school suspension are excused. The following conditions apply:
1. Work will be assigned during the suspension. Students are expected to complete assigned work throughout the duration of their suspension. When the student has completed serving his/her suspension they should plan to bring all of their completed work when returning to the school.

EXTRA CREDIT
Opportunities for students to receive extra credit are left to the discretion of the teacher. Providing extra credit is not encouraged nor endorsed by the school.

LOCAL AND STATE TESTING INFORMATION

1. **Iowa Test of Basic Skills (grades K-8)**
   The Iowa Test of Basic Skills is a series of tests administered throughout the primary grades to gain information about classes and students for instructional planning, to supplement teacher observations regarding student abilities, and to establish a basis for subsequent annual evaluation of student progress.

2. **North Carolina Ready Beginning of Grade 3 ELA (BOG)/Reading Test**

3. **North Carolina Ready End-of-Grade (EOG) Tests (grades 3-8)**
   The North Carolina Ready EOG tests are administered at the end of the school year to test mastery of grade-level knowledge and skills. Students are tested annually in reading, mathematics, and science (grades 5 and 8 only). Scores are included in school ABC reports and Student Accountability Standards.

READING PROFICIENCY REQUIREMENTS FOR THIRD GRADE STUDENTS

In accordance with GS115C-238.29F, schools must notify parents when a student is not reading at grade level. These determinations will be made based upon on current standardized testing (ITBS and/or NC EOG) data. Per GS115C-238.29F, *students in third grade shall be retained if the student fails to demonstrate reading proficiency by reading at or above the third grade level as demonstrated by the results of the State-approved standardized test of reading comprehension administered to third grade students.*

TESTING SCHEDULE

A schedule of state and local testing will be distributed early in the school year. Copies of this schedule will also be available in the office.
**SPECIAL EDUCATION**

The Individual with Disabilities Education Act (IDEA) ensures that children with a disability who are eligible and in need of special education receive a free appropriate public education. IDEA mandates that eligible students receive individualized instruction specifically designed to meet the unique needs of the learner. Federal and state procedures mandate that services be provided in the least restrictive environment. This means that a child must be placed in the regular education setting which the child would attend if he or she did not have a disability, unless the nature or the severity of the disability makes it impossible for the child to progress, even with the use of supplementary services.

**OVERVIEW OF EC PROCESS**

Referral or request for evaluation: A school professional may identify students suspected of having a disability. Additionally, parents may contact the student’s teacher or other school personnel and request evaluations. An IEP Team, which includes the parent, would meet in either case and complete a Special Education Referral. During this meeting, the team will review information about the student’s strengths and weaknesses, results of any interventions, information about educational history and daily classroom performance, state testing results (if available), etc. Based on a review of the information the team will decide if further data is needed to determine eligibility. If further data is needed, parental consent is required (Informed Consent for Evaluation).

Evaluations requested by the team will be completed and an IEP Team, of which the parent is a part, will meet to review results and determine if the student meets the requirements for one or more of the 14 disability categories recognized within North Carolina (Eligibility Determination). If the disability has an adverse effect on educational performance and requires specially designed instruction, the student is found eligible for special education.

An Individual Education Program (IEP) will be developed which outlines the student’s strengths and weaknesses and the services, supplemental aids, modifications and accommodations required to meet the student’s needs to progress in the general education curriculum.

The IEP Team’s decisions and the rationale for those decisions are outlined on the Prior Written Notice. Parents are provided this document that explains the team’s decisions before any of those decisions are implemented.

Informed Consent for Services must be signed by the parent before the IEP can be implemented.

Reevaluation: At least once every three years (and no more than once per calendar year unless agreed on by the team) a student must be reevaluated to determine if eligibility requirements continue to be met and to determine if the student continues to be in need of special education. This is done via the Reevaluation Determination process.

**DISCIPLINARY PROCEDURES**

Franklin Academy Charter School may suspend any student for violations of the Student Code of Conduct. When a student with disabilities violates the Student Code of Conduct and warrants suspension from school for ten (10) school days or less in a given school year, the school may follow its normal disciplinary procedures. School personnel may consider any unique circumstances on a case-by-case basis when determining whether suspension is appropriate. Circumstances considered should include area of disability, functioning level of the student, intent of the behavior and other relevant factors. After 10 school days of suspension, the child’s IEP Team must determine whether the student’s misconduct is a manifestation of the disability. A removal from current placement is generally termed an out-of-school suspension (OSS) or in-school suspension (ISS) if special education services are not provided.

A student with a disability who is removed from their current placement for more than 10 school days must continue to receive educational services, so as to allow him/her to continue to participate in the general education curriculum in another setting; continue to progress toward meeting goals outlined in his/her IEP; AND receive, as appropriate, a functional behavioral assessment (FBA), and behavioral intervention services and modifications that are designed to address the behavior violation.
**STUDENT SERVICES INFORMATION**

**CHILD FIND**
In accordance with Child Find provisions, Franklin Academy Charter School is committed to meeting the needs of students with disabilities.

**CHILDREN'S DIVISION - PROJECT CHILD FIND**
Transfer Information (In-state or Out-of-State)
When an EC student transfer from another school system, Franklin Academy Charter School begins providing services comparable to those provided in the previous school system. A copy of the IEP from the previous school or verification of EC services via an email or phone call with the previous school is needed. Once services have been confirmed, parents will be requested to sign a Provision of Comparable Services form, which gives Franklin Academy permission to provide services while awaiting records from the previous school. Once records are received and reviewed, an IEP Team will meet and develop the IEP based on a review of the records from the previous school and the student’s daily performance since enrolling in Franklin Academy Charter School. If the student is transferring from out-of-state, the team will also review formal and informal assessment data and determine if additional data is needed to determine eligibility in the state of NC.
Reference: NC Policies 1503-4.4 (f)

**LOCAL DISPUTE RESOLUTION**
Occasionally, members of IEP Teams will not agree about how to meet a student’s needs or about exactly what should be included in an IEP. Franklin Academy and the NC Department of Public Instruction, Exceptional Children's Division, provide a range of resources to help the team resolve disagreements.

When challenges arise, first communicate with the person closest to the issues. Discuss your concerns with your child’s teacher, the IEP Team and the administrator of your child’s school. If additional support is needed, informal and formal processes are available from DPI.

NCDPI Exceptional Children Division's consultants for dispute resolution and consultants for instructional support and related services are also able to offer consultation to assist parents, advocates, school system, or state operated programs personnel who request help with problem-solving.

Consultants at the Department of Public Instruction are neutral and refrain from taking sides when there is a disagreement, but consistently advocate for appropriate services for children with disabilities. They are committed to the protection of rights for children with disabilities and their parents.

An informal means of problem solving is provided through the Exceptional Children Division's Facilitated IEP Program for school systems, charter schools, state operated programs, and parents.
**STUDENT SERVICES INFORMATION**

**STUDENT SUPPORT TEAM (SST)**
The Student Support Team (SST) is a school-based group of people with a common mission – to support students in the regular classroom who are having difficulty in school. Teachers (regular and special education), social workers and administrators are examples of some of the people who may comprise the SST. Parents are also critical to the team, both in their participation and their input. Parents can contact the school for more information on SST. Referrals to SST should be due to: academic concerns in reading, writing, or math, severe behavior concerns, or severe focus/attention concerns.

**STEPS TO SST**
Prior to meeting with the SST Team the following steps should be taken:
- At least 2 parent/teacher conferences need to take place to discuss the area(s) of concern.
- These regular conferences should include a plan to remediate the area(s) concern and include specific methods to document the progress.
- 6-8 weeks should be given between meeting times in order to properly assess the plan in place to remediate concerns.
- If after 2 meetings and 12-16 weeks of targeted intervention the student is still struggling the student should be referred to SST.
- During the SST meeting the team will discuss if interventions are successful, need to be modified or if a referral to the IEP team is needed.
- If a student is referred to the IEP team the IEP team begins process of determining the student's eligibility for an IEP.
- If a student is found not eligible for an IEP the team may consider eligibility for a 504 plan.

**ACADEMICALLY/INTELLECTUALLY GIFTED EDUCATION (AIG)**
Franklin Academy's curriculum allows for leveled grouping and differentiation. We serve students at their specific level, which is integral to our program's success, especially at the K-5 arena where our core programs are very systematic and leveled. Since our staff integrates differentiation in seamlessly to everyday learning, parents may not realize the amount of specific ability-based instruction that our students receive.

Traditionally, students are identified as "academically gifted" after demonstrating ability in either math or reading. In the past at Franklin Academy, students were identified using two standardized test - the CogAT and IOWA Test of Basic Skills. These tests allowed for identification in Math or English/LA/Reading only. Our school has long realized that students should not have to wait until they are identified to have their strengths recognized. Recognizing this, our Board decided a student's strengths need to be recognized in any area, not just math and reading, especially since they are served in their level of math or reading daily.

As a charter school, we are not required to identify students as AG, although we value, recognize and serve our students' gifts on a daily basis. In that end, Franklin Academy will no longer be identifying students as academically gifted. Students previously identified as academically gifted are still identified. Their paperwork will remain in their cumulative file. Their paperwork will be viewed as inactive. Students who are not identified at Franklin Academy will not be precluded from being identified in another school system. Albeit, our students whether previously identified as gifted or not, are anything but inactive; they are in fact actively engaged in a program that simultaneously supports skills and actively works to develop them to their fullest potential.

**NONDISCRIMINATION STATEMENT**
Pursuant to regulations implementing Title VI of the Civil Rights Act of 1964 prohibiting discrimination on the basis of race, color, and national origin; Title IX of the Education Amendments of 1972 prohibiting discrimination on the basis of sex; and Section 504 of the Rehabilitation Act of 1973 prohibiting discrimination on the basis of handicap in any program or activity receiving federal financial assistance: All opportunities will be offered without regard to race, religion, color, national origin, sex, or handicap.

**FAMILY AND SCHOOL COMMUNICATION**

Communication between parents, students, teachers and administrators is key to ensuring everyone can work together in the best interest of the student. In a continuing effort to increase effective communication, we ask that everyone use the following protocol listed below when addressing questions or concerns:

**Parents should contact the classroom teacher directly for the following**
1. Student progress
2. Classroom management/discipline
3. Field trips
4. Grades
5. Project and Assignments
6. Conferences
7. Curriculum questions

*Please Note: Teachers should be your first line of contact for classroom questions and concerns. As professionals, they will work with you to address your concerns in a timely manner. If you contact an administrator prior to contacting the teacher you will be redirected to the teacher. Any question not answered by the classroom teacher may be directed to the administrator.*

**Parents should contact the school office for the following**
1. Attendance
2. School schedule
3. Volunteer program
4. Lunch program
5. Student records
6. School programs (SST, after-school programs, etc.)

**CONFERENCES**

Parent-teacher conferences are a very important contact between home and school. Should parents wish to schedule a conference with a teacher, they should email or call the teacher (please see our website for contact information). Please do not drop in during the school day for a conference, especially since teachers have student responsibilities during this time. Also, please note that teachers will not answer their classroom phones during the instructional time. As a result, you may need to leave a message for the teacher. Calls will be returned within 24 hours on school days.

**AGENDA**

Every child in grades 1 through 8 will be provided an agenda by the school. The agenda is an effective way for students and parents to keep track of assignments and projects. Agendas are a great tool to use for communicating with teachers particularly when verifying completion of assignment or sharing updates on student progress. *Parents are to check and sign their child’s agenda every night.* The school will charge $5.00 to replace lost agendas.

**FRIDAY FOLDERS**

Communication is very important. Friday Folders are a convenient, consistent way of sending information and student work home. All progress reports, papers, teacher and school newsletters, school memos and community flyers will be sent home in Friday Folders. A special folder is to be brought in by each student at the beginning of the year solely for this purpose. Parents should make it a top priority to look through the folder every week. Folders are to be signed and returned every Monday. Friday Folders are used in grades K through 5 only. Please note: ALL outside materials sent home via Friday Folders MUST be approved by administration prior to being sent. It is expected that any outside materials will be copied and packaged for distribution.
**FRANKLIN ACADEMY**

**ATTENDANCE POLICIES AND INFORMATION**

Regular attendance in class is of paramount importance in the educational process. All students are expected to attend school all days of the established school calendar as approved annually by the Franklin Academy Board of Directors and in compliance with the North Carolina school attendance laws.

Because the majority of work is done during the school day, regular attendance is the backbone of success. A pattern of absenteeism can rapidly have a significant, negative impact on a student's ability to attain the North Carolina Standard Course of Study objectives. The student, the parents/guardians, and the school are all responsible for maintaining a high level of attendance in school activities in order to preserve the instructional integrity of the Franklin Academy. To that end, the Franklin Academy Board of Directors has adopted the following procedures:

**EXCUSED ABSENCES**

The following are considered reasons for lawful absence:

- Illness or Injury
- Quarantine
- Death in the Immediate Family
- Religious Observances
- Medical or Dental Appointments (with a note from the doctor)
- Educational Opportunity (see prearranged absences)

If your child is absent from school, parents should call the office and leave a voice-mail stating the reason the child is absent and presumed return date to school or send a note stating the reason for the absence on the child’s return. All absences from school are considered unexcused until a written excuse is received from the parent/guardian. After three (3) days of absences the school may call the home to discover the reason for the absence. A student who leaves during the school day for an excused appointment or illness is required to check out through the school office.

**TARDINESS**

Tardiness can disrupt the learning process, for both the tardy student and his/her classmates. Parents are encouraged to drop their students off at school prior to the class start time to avoid a loss of instructional time. **Please Note:** Three unexcused tardies will count as an unexcused absence. Students arriving after the start time must sign in at the school office. The following are examples of excused tardies:

- Medical Appointment
- Dental Appointment

**PREARRANGED ABSENCES**

If you know your child will be absent from regularly scheduled classes/activities for one full day or more will be required to complete a “Request for Absence” form from the office. The form must be completed by a parent/guardian with an explanation for the request. The student will be responsible to collect assignments that will be missed and required to complete all assignments and submit them upon return to school. The decision on excused or unexcused status will be made by the school considering any conditions that must be met.
**ATTENDANCE POLICIES AND INFORMATION**

**ATTENDANCE BENCHMARKS AND SCHOOL PROTOCOLS**

We follow the NC Compulsory Attendance Law (NC General Statute 115C-378) to keep parents informed of all unexcused absences. Attendance will be assessed at regular intervals throughout the school year and we will email out letters to parents regarding students that reach 3, 6, and 10 unexcused absences as well as actions that will be taken once a student reaches 14 or more absences for the year. Below is an outline of these benchmarks with corresponding actions.

ILLNESS
Regular school attendance is expected. However, if the student is ill, he or she should not be permitted to attend school*. Please do not send your child to school in the morning if:
1. a fever of 100 degrees or higher is present
2. vomiting or diarrhea is present
3. there is evidence of a severe head cold, persistent cough or sore throat
4. there is evidence of a suspicious skin rash or other contagious condition (i.e. pink-eye)
*Students must be symptom free for 24 hours prior to returning to school.
The school should be notified if your child has a contagious disease including, but not limited to, chickenpox, pink-eye, impetigo, or pediculosis (head lice).

PROLONGED ABSENCES
Any student absent more than 10 days in a row without contacting the school will be automatically withdrawn from the Franklin Academy in accordance with school attendance laws. A conference with the school administrator may be required to determine if the student may return to school.

HOMEBOUND SERVICES
Homebound services of Franklin Academy are a privilege. Homebound services provide students the opportunity to receive continuous short-term instruction from temporary physical medical conditions. There is no legal requirement for providing homebound services.

Homebound services will only start after a student is absent from school 30 consecutive school days. Homebound service delivery options will be at the sole discretion of the school’s principal/administrator. Eligibility for Homebound services will be reassessed at the start of each new academic year at which point this documentation will need to be completed again for the new school year. Continued need for Homebound services, once granted, will be assessed each quarter.

ACCESS TO AND ADMINISTRATION OF MEDICATION DURING THE SCHOOL DAY
When an illness or diagnosis is serious enough to warrant the administration of medication during the school day, including both over the counter medication and/or prescription medication, the medication must be sent directly to the office in the original packaging and must be labeled with:
1. the child’s name and grade
2. the name of the medication
3. the amount of the medication to be taken
4. the time the child is to take the medication
5. medication must be sent in original bottle—prescription medication will only be administered in accordance with printed directives given by healthcare provider

Please Note: A note from the physician may be required.
**STUDENT HEALTH POLICIES AND INFORMATION**

**VISITING THE SCHOOL OFFICE FOR ILLNESS/INJURY**
We do not have a school nurse on staff at the Franklin Academy. As a result, students who are ill or injured are brought to the office to call home. Beyond basic first aid for injuries (washing cuts with soap and water, providing band-aids and/or acetaminophen/ibuprofen), we cannot provide any other care. Students sent to the office for illness/injury will be instructed to call their parent. In cases of medical emergency, 911 will be called as well as parents.

**IMMUNIZATIONS**
A record of immunizations is required by law within 30 days of enrollment for all students. Failure to provide a complete immunization record within that time will result in the student being suspended from school until such time as the immunizations are complete, or a schedule for completion of the required immunizations, authorized by a physician, is presented to the school.

**INDIVIDUAL DIABETES CARE PLANS**
In accordance with G.S. 115C-47 Franklin Academy will create individual diabetes care plans at a parent’s request. Please contact the office for more information.

**PEANUT POLICY/TREE NUT POLICY**
Franklin Academy I and II (Grades K-2) are peanut free/tree nut free campuses; therefore, no peanut or tree nut products should be brought to school. Franklin Academy III, IV, and V campuses (Grades 3 through 12) are NOT peanut free/tree nut free. Since the children in these buildings are older and more cognitive of their allergies, we do not restrict peanut or tree nut products; however, please know that every effort is made to alert all adults and children in the classrooms and throughout the buildings of peanut or tree nut allergies.

**STUDENTS WITH ALLERGIES**
If your child has a severe allergy to food or other products, it is important that you complete an allergy plan each school year and provide a copy of the office. Medications or treatments for such allergies may be kept in the office as well as with the student’s allergy plan. NOTE: Please be sure to let teachers know at least 48 hours in advance of any birthday treats that may be brought to school so that parents of students with allergies can plan ahead.

**PEDICULOSIS (HEAD LICE)**
Students who are suspected of having lice and/or nits (eggs) by school personnel, must be removed from the school and properly treated. The student must be completely free of any nits or lice before reentry to the school can be allowed and the student must be re-checked by school personnel before re-entry. If a student is showing signs of pediculosis at school, the parent will be notified and given instructions as to proper methods of treatment and procedures for reentry of the student. Parents who find their child has pediculosis outside of school are asked to notify the office to facilitate a check of both the child and others in their grade level to help contain lice infestations.

**STUDENT HEALTH POLICIES AND INFORMATION**

**GARRETT'S LAW (SENATE BILL 444)**
Garrett's Law (Senate Bill 444) is a North Carolina statute enacted in 2004 that mandates that schools provide parents and guardians with information about meningococcal meningitis, influenza, and the vaccines that protect against these diseases. This law was expanded in 2007 to mandate that information also be provided about the human papillomavirus (HPV) and the vaccines available to protect against HPV.

**INFLUENZA (THE FLU)**
The flu (influenza) is a viral infection that can cause illness with symptoms ranging from mild to severe. Symptoms of the flu include fever, cough, sore throat, runny nose, body aches, chills, fatigue, and headache. Sometimes, vomiting and/or diarrhea can occur, although they are not usually the primary symptoms. The flu is spread through respiratory droplets from a cough or a sneeze, or from droplets on unwashed hands.

It is important to protect yourself and others against the flu and other illnesses by doing the following:
- Wash hands frequently and thoroughly with soap and water. If soap and water are not readily available, use alcohol-based hand sanitizers.
- Cover your coughs and sneezes with tissues.
- Avoid touching eyes, nose, and mouth.
- Stay away from people who are sick.
- Stay home from work or school until 24 hours fever-free (without the use of fever-reducing medications). The flu can be especially dangerous in people with chronic health conditions and people with lowered immunity.
- Get vaccinated against the flu. Contact your physician or local health department.

For more information and for educational materials about the flu, please go to [http://www.immunizenc.com/FluSeason.htm](http://www.immunizenc.com/FluSeason.htm)

**MENINGOCOCCAL MENINGITIS**
Meningitis is an infection of the fluid surrounding the brain and spinal cord. It can be caused by a virus or bacteria. Viral meningitis is more common, and people usually recover fully. Bacterial meningitis is rare, but much more serious. Meningococcal disease is a serious bacterial illness. It is the leading cause of bacterial meningitis in children in the United States. Meningococcal disease can also cause blood infections.

Symptoms of bacterial meningitis include severe headache, high fever, nausea/vomiting, stiff neck, rash, fatigue, and confusion. Not all of these symptoms may be present. Meningitis is spread by close exchange of saliva and respiratory secretions. It can be spread through coughing, sneezing, kissing, and sharing items such as eating utensils, lip balms, drinks, and cigarettes. You can protect yourself against this disease and other illnesses by not sharing food items or utensils, by having good hand washing etiquette, and by covering coughs and sneezes, as stated above. Getting vaccinated is the best way to prevent this disease. A vaccine against meningococcal meningitis, which is recommended for school-aged children, is available through the local health department or private physicians.

For more information and for educational materials about meningococcal meningitis, please go to [http://www.immunizenc.com/Meningitis.htm](http://www.immunizenc.com/Meningitis.htm)

**HUMAN PAPILLOMAVIRUS (HPV)**
HPV is a common virus that is spread from one person to another by close intimate contact. It is the most common sexually transmitted virus in the United States. There are many different types of HPV that can infect both men and women, and can raise the risk of cervical cancer in women.

The virus lives in the body and usually causes no symptoms, but some types of HPV can cause visible growths or bumps on the genital area. Other types of HPV can lead to cervical cancer in women. Many people with HPV do not know they are infected, which is why it can be easily passed to others without realizing it. A vaccine is available which can protect females (ages 9-26) against 4 of the major types of HPV.

For more information and for educational materials about the human papillomavirus (HPV), please go to [http://www.immunizenc.com/HPV.htm](http://www.immunizenc.com/HPV.htm)

Supplemental projects, journals and tests will be incorporated per teacher discretion.

**After School Family and Athletic Events**
Throughout the year, Franklin Academy will host various events after school hours as well as athletic events that are for Franklin Academy families to enjoy. With the exception of Middle School dances, parents (or another designated adults) are required to remain present and actively supervise their children during these events. Unfortunately, we do not have staff available to supervise students during after school family events.

Students can then present this slip to their classroom teacher for recognition.

**Positive Behavior Incentives (3-5)**
Teachers in grades 3-5 utilize a number of behavior incentives such as Class Dojo to help encourage and reward positive student behavior throughout the course of the school day. Please see your child’s teacher for more information on their grade-wide behavior incentive.
STUDENT LIFE AND ACTIVITIES

HOMEROOM TIME
In order to facilitate morning carpool, homeroom time will run daily from 7:25a until 7:55a. During this time, students are expected to report to their assigned homeroom class promptly for daily attendance to be taken. Students will not be permitted to socialize in the halls or use this as a free period. Due to the extended amount of time spent there daily, each grade level is required to use their homeroom time in a meaningful way as appropriate to their grade level. During this time students may be assigned work or activities relevant to their core classes and such work may be graded as a portion of their core class grade. Missing homeroom time does not excuse them from the assigned work and it is imperative to talk with the subject area teacher to ensure that the student is in possession of the necessary assignment in order to remain caught up. Please contact your child’s homeroom teacher with questions about assigned work during this time.

INTRAMURAL SPORTS PROGRAM—GRADES 4 THROUGH 6
The Intramural Sports Program gives children an opportunity to learn about specific sports-related skills while also learning about teamwork and sportsmanship.
1. Program times vary by sport. Starts at end of school day.
2. Offered throughout the week.
3. Open to grades four through six;
4. Class size is limited based on the specific sport, on a first come, first served basis;
5. Staffed by a Franklin Academy employee or parent.

Parents who are interested in the Intramural Sports Program can contact the office for more information. Please contact our Athletic Director, Chris Straits at (919) 453-5090, Ext. 120 with any questions about our Intramural Program.

FIELD TRIPS
Teachers may plan field trips from time to time during the school year to enhance the curriculum within the classroom. Parents will be notified of these trips in advance.
1. All children must have written permission to go on field trips PRIOR to leaving campus. Payment for the trip will not replace written parent permission to attend said trip.
2. Once a fee is paid for the field trip, it will not be refunded. This is necessary because the school will be obligated for tickets, transportation, etc.
3. No child will be denied access to a field trip because of an inability to pay. Please contact your building administrator in such cases.
4. Chaperones should not bring younger or older siblings that also attend the Franklin Academy on field trips. Siblings brought along will be considered in violation of this policy and their absence will be considered unexcused.
5. Behavior in school must be acceptable to go on a field trip outside of school property. School administrator has final say in these situations.
6. Students who demonstrate poor behavior in school may not be permitted to attend field trips. Administration may also require that a child’s parent/guardian attend field trips as a provision to permit a child’s attendance in these situations. Such decisions are at the discretion of the school administrator.
7. School uniforms are required on all fieldtrips unless otherwise noted by the teacher.
8. Chaperones are required to have a school background check before attending a field trip. Parents may get a background form from the office or your child’s teacher. Parents must also give the office a copy of their license and insurance information, when driving on school field trips, prior to the event.
9. Children who choose not to attend a field trip and stay home will be granted an excused absence. Children who stay behind from a field trip and attend school will be given alternative activities to work on during the school day.
10. Please see the following Chaperone Guidelines if you are considering signing up to Chaperone a field trip.
Before You Leave Our Campus:

- Chaperones are required to have a school background check before attending a field trip. Background checks are good for two years. Once expired they MUST be repeated in order for you to be an eligible chaperone.
  - Chaperones can obtain a background check form from your child’s designated school office. Parents must also give the office a copy of their license and insurance information, when driving on school field trips, prior to the event.
  - Parents with students on multiple campuses only need to have ONE background check completed as clearance information is shared between campuses.
  - Background checks need to be completed at least 7 business days prior to the trip

- Be sure to acquaint yourself with all of the teachers prior to leaving and ask questions if something is unclear.

While Driving:

- All drivers are expected to follow North Carolina traffic laws and regulations. This includes ensuring that ALL children are properly restrained in the car at all times.
- Students should NEVER be permitted to ride unrestrained or be allowed to hang out of windows or sunroofs.
- Chaperones should monitor inappropriate music and discourage inappropriate conversation and/or language at all times.
- Chaperones should not smoke in the car while transporting students.
- Please refrain from using your cellphone while transporting students

Throughout the Field Trip Experience

- Please make sure you keep track of the students assigned to you at all times. Students should never be left unattended. Report any problems to a teacher.
- If you see something happening with another FA group please report it to the teacher so that they may handle it. Parents should NOT discipline students, but instead notify a teacher.
- Chaperones are expected to bring all students back to the school upon completion of the field trip. If you plan to take your child home directly after a field trip arrangements must be made in advance.
- Please be sure only to stop at places designated by the field trip organizers—do not make stops for snacks or food unless such stops are indicated in the field trip plans.
- DO NOT make unauthorized stops while chaperoning/transporting students (i.e. stops for ice cream, snacks, etc.).
- If you stop for lunch or snacks, students must consume all food/drinks purchased BEFORE they return to the school. Students will not be permitted to carry drinks and/or food back with them to class.
  - When leaving and arriving to our campus, please make sure students are walking and not running in the hallways, and are quiet.
  - Please refrain from using your cell phone during the field trip.
  - Chaperones should not bring younger or older siblings that also attend the Franklin Academy on field trips.

FRANKLIN ACADEMY

STUDENT LIFE AND ACTIVITIES

RECESS
Recess is a time during the school day that is set aside so that students have the opportunity to run, play, exercise and be better able to concentrate on their class work. All students are expected to go outside during recess time. Exceptions may be made for medical reasons, disciplinary actions, or for special school activities.

Students are expected to go outside for recess unless they have been ill and have a note from a physician. Written requests for a child to stay inside may be accepted for one (1) day in the case of illness or injury.

Please Note: During the summer and winter months, teachers must be mindful of weather conditions and recess limitations. The school has the following guidelines to follow:
• Classes may not be outside for more than 20 minutes on days of a heat index of 100.
• Classes may not be outside at all on any day with a heat index over 100 or wind chill below 32 degrees F.

LUNCH PARENT VOLUNTEERS
The Franklin Academy greatly appreciates parents who are willing to come in and relieve our teachers by covering lunch. Parents who volunteer for lunch duty are expected to adhere to enforce school and classroom rules. Such rules will be provided to any parent who signs up to assist. Please see the lunch parent guidelines on the next page for an understanding of the expectations for FA Lunch Parent volunteers.

SCHOOL LUNCH
The Franklin Academy does not have a cafeteria and does not provide in-house lunches. We do, however, contract with local vendors to have lunches brought in for a reasonable price. Current lunch offerings and schedules will be sent home. Additional copies are available in the office. If a child forgets to order lunch and there are not extra hot lunches, all possible means will be exhausted to provide a lunch for the child. The school also provides beverage for purchase.

SNACK
Students in grades Kindergarten and up may bring a healthy snack to school to eat during a time designated by the classroom teacher. This snack should be nutritious and should not consist of items such as candy, cookies, sodas, potato chips, etc. Caffeinated beverages and/or energy drinks should not be sent to school. Snacks that are not considered nutritious may not be permitted during snack time.

ARRIVAL, DISMISSAL AND CARPOOL PROCEDURES: K-2 CAMPUS

ARRIVAL AND DISMISSAL PROCEDURES (K-2)

Carpool Procedures Grades K-2

Morning Carpool Procedures:
- Carpool begins at 7:35am each morning.
- Cars for both buildings may begin pulling down at 7:35am (not before).
- Cars should line up on Franklin St., opposite side of the street from the school and beginning at the BLACK light pole across from the Fire Station. Just before 7:35 cars may enter the round about, circle in front of the Fire Station onto S. Franklin St., and proceed to the front of FA I.
- Cars should pull all the way down to the first colored cone. **DO NOT STOP IN FRONT OF FA2!!!!!**
- Morning carpool will begin once staff members arrive outside, students may independently exit their cars to enter the buildings. If your child needs any type of assistance, staff will be stationed on the carpool line to assist.
- Please be sure students are ready to exit the car as soon as the car stops. This means all belongings are packed and ready to exit. Students should exit curbside ONLY!!!!!
- Parents should never exit cars during carpool.
- Carpool will end at 8:00! If you drive down and there are no longer staff members outside, please walk your child into their assigned building and sign them in. They are tardy! Per school policy, 3 tardies equals 1 unexcused absence!
- Walkers are still welcome to park up by the Library and walk down.
- For your child’s safety, **DO NOT, DO NOT, DO NOT** park across the street on Franklin and allow your child to walk across the median. **Now that we are using the opposite side of the street for carpool, you will block the necessary flow of traffic.**

Afternoon Carpool Procedures:
- Carpool for FA I (Kindergarten) begins at 2:45pm.
- Carpool for FA II (1st and 2nd grade) begins at 3:00pm.
- If you have a child in both buildings, parents should come for the 3:00pm (second dismissal) carpool time.
- Parents should **NOT** use teacher parking lots during morning or afternoon carpool times.
- **All cars must have an “FA tag” during dismissal.** New parents will receive a carpool tag at Open House. Existing parents should use their carpool tags from last year. Additional tags may be purchased from the office for $2.00. If you do **NOT** have your tag visible when passing the staff member with the walkie talkie, they will **NOT** call your child. **This is for safety reasons and you will be asked to come into the building.**
ARRIVAL, DISMISSAL AND CARPOOL PROCEDURES: K-2 CAMPUS

ARRIVAL AND DISMISSAL PROCEDURES (K-2)

- If a neighbor or relative is picking up your child, they will need to have your “FA tag” in order to pick up your child, along with prior notification to the school and a valid form of identification.
- It is helpful for parents to write the FIRST and LAST names of student(s) being picked up on the front of their tag. Please write the names large enough to be seen from outside the car. This helps speed up the dismissal process.
- Parents should not exit their cars during dismissal.

FA I – Kindergarten- Dismissal Procedures (2:45pm):

- **If you choose to line up early prior to carpool beginning at 2:45, we will stage cars same as morning carpool. Cars will line up on opposite side of Franklin St. across from Fire Station, enter the round-a-bout to enter our side of Franklin Street.**
- Cars for FA1-K carpool may begin pulling down at 2:40 (not before).
- Please be respectful of the parents who opted to arrive early and wait for carpool to begin. Do not enter at the Elm Street round-a-bout by the Fire Station. Please drive down the opposite side of Franklin Street to ensure that the carpool line has begun and you are not cutting the line. This is VERY upsetting for the parents who have waited!
- Cars should pull all the way down to the first colored cone, as teachers assist children into their cars.
- Cars picking up at 2:45 dismissal only (FA I), should have a visible carpool tag that states your child’s name large enough for staff to read it.

FA II 1st and 2nd grade- Dismissal Procedures (3:00pm):

- Please do not line up prior to 2:55pm if you are picking up for 2nd dismissal. Lining up too early can cause confusion for cars in line for the 2:45 (Kindergarten) dismissal and unnecessary congestion. This is VERY important due to the changes in carpool!
- **If you choose to line up early prior to carpool beginning at 3:00, we will stage cars same as morning carpool. Cars will line up on opposite side of Franklin St. across from Fire Station, enter the round-a-bout to enter our side of Franklin Street.**
- Cars for FA II carpool may begin pulling down at 3:00pm (not before).
- **Cars should put their flashers on to separate from the FA I carpool line.**
- Please be respectful of the parents who opted to arrive early and wait for carpool to begin. Do not enter at the Elm Street round-a-bout by the Fire Station. Please drive down the opposite side of Franklin Street to ensure that the carpool line has begun and you are not cutting the line. This is VERY upsetting for the parents who have waited!
- Once you have stopped at the teacher with the walkie talkie, cars should pull all the way down to the first colored cone.
ARRIVAL, DISMISSAL AND CARPOOL PROCEDURES: K-2 CAMPUS

ARRIVAL AND DISMISSAL PROCEDURES (K-2)

Other IMPORTANT K-2 Reminders:

- If you are a 1st/2nd grade parent who needs to pick up early, we ask that you do so prior to 2:30. Office staff are working through Building 1 carpool and cannot get your child for you in a quick fashion. This should also not be an option for skipping the carpool line. If you arrive after 2:45, you may have to wait until 3:00 for your child to exit the building.
- Please help us be good neighbors and do not sit in round-a-bouts blocking traffic. It is especially helpful to pay attention to the flow of the carpool line and help us model civility to our students and neighbors. Do not enter the round-a-bout to just sit, please wait until space allows you to clearly move onto S. Franklin Street!
- As always, please do not block the fire station entrance/exit off of S. Franklin Street in case someone needs to exit during a call. Blocking the station prevents the Fire Dept. from doing their job!

ARRIVAL, DISMISSAL AND CARPOOL PROCEDURES: 3-5 CAMPUS

ARRIVAL AND DISMISSAL PROCEDURES (3-5)

In order to ensure the safety of our students at all times, we must adhere to strict procedures during arrival and dismissal times.

Morning Carpool Procedures (Grades 3-5):
School begins at 7:55 a.m. and students may be dropped off on the front porch as early as 7:15 a.m. Doors will open at 7:25 a.m. for students to enter the building. Students must be dropped off in the carpool line in the front of the school. Two lines should not be formed directly in front of the building until staff members are present to start carpool. The school requests that parents and /or siblings not develop the habit of personally escorting their children in to the school building. If a circumstance arises where it is necessary to escort your child in to the school building, please be considerate of others by not parking in the carpool line. Parents may park in the parking lot for this purpose.

Parents wishing to have their child released as a walker will be required to sign and submit official authorization to the school. Emails and phone calls will no longer be sufficient vehicles to provide permission for your child to become a walker. Students are not permitted to walk unattended to meet awaiting parents in the FA3/FA4 parking lots. This includes student athletes walking to meet their rides for games/practice. Parents choosing to park should do so in the FA4 parking lot and will need to walk down to the FA3 building to meet their child on the front porch and will be required to escort them to the car. ARRIVAL, DISMISSAL AND CARPOOL PROCEDURES

LATE PICK-UP
All children are to be picked up on time. Students not picked up by 3:18p.m. will be sent to After School Care and parents will be charged $15 for each occurrence. Payment is due in cash at the time the child is picked up. Please do not ask to be excused from this fee. It can be quite traumatic for students to be left behind after their classmates are gone. The school does understand that emergencies arise and will deal with them on an individual basis. If a parent knows he/she will be late, they should call the school office. If a parent knows they will be late to pick up their child regularly they are expected to secure after school care for their child.

PROCEDURES FOR CARPOOL IN INCLEMENT WEATHER (K-5)
Carpool will proceed as usual during inclement weather, albeit please be extra patient on these days. The school does its best to get children out quickly and safely.

It is a Franklin Academy objective to make appropriate electronic information resources available to students to assist in furthering educational goals and to provide for efficient school-related communication. This policy governs the use of Franklin Academy electronic information resources and defines students’ proper conduct and responsibilities while using Franklin Academy electronic information resources. Electronic information resources are defined as all Franklin Academy computer equipment, including any desktop or laptop computers, iPads or other hardware owned or leased by the school; the Franklin Academy computer network; e-mail accounts; and any computer software licensed to the Franklin Academy; and stored data. Because electronic information resources are an integral part of the educational curriculum all students must comply with this policy.

Families are warned that some sites or pages accessible via the Internet contain material that is offensive, illegal, sexually explicit and discriminatory. In accordance with federal law, the Franklin Academy uses appropriate measures, including the use of advanced software for Internet content filtering and has procedures in place to further block accessibility to language and visual depictions that are obscene, lewd, pornographic, or harmful to minors, if necessary. Although it is the intent of the Franklin Academy that school electronic information resources be used only to pursue educational goals and objectives, filters may not block all offensive material and/or students may find ways to access inappropriate materials.

Internet access provides a wide range of resources to students beyond the customary retrieval or viewing of information. Teacher directed activities may involve interactive services or tools which allow greater student involvement through external collaboration and communications.

The Franklin Academy believes that the benefits to students from access to the Internet, in the form of information resources and opportunities for communication and collaboration, exceed any disadvantages; but ultimately, parents and legal guardians of minors are responsible for setting and conveying the behaviors that their child should follow when using media and information resources. Students are granted access to the Internet automatically. However, Internet access is considered a privilege and may be revoked at any time by school administration.

A. School administrators and staff are responsible for enforcing this policy for any and all students in the school in which they work. Technology Services personnel are responsible for operating and monitoring of Internet content filtering software. Administrators and staff must supervise student use of electronic information resources in a manner that is appropriate to the students’ age and the circumstances of use.

B. Appropriate Use: All students are expected to exercise good judgment, use the electronic resources in an appropriate manner and adhere to this policy and all applicable laws and regulations.

Student use of the equipment is expected to be related to the Franklin Academy’s educational goals and objectives. The Franklin Academy recognizes, however, that some personal use is inevitable, and that incidental and occasional personal use that is infrequent or brief in duration is permitted so long as it occurs on personal time, does not interfere with Franklin Academy business, and is not otherwise prohibited by Franklin Academy policy or procedures.

B1. Use of Franklin Academy Software: Franklin Academy software is licensed to the Franklin Academy Schools by a large number of vendors and may have specific license restrictions regarding copying or using a particular program. Users must obtain permission from the Franklin Academy prior to copying or loading Franklin Academy software onto any computer, whether the computer is privately owned or is a Franklin Academy computer.

The use of non-Franklin Academy software on any Franklin Academy computers (including laptops, desktops, and the network) is discouraged. Prior to loading non-Franklin Academy software onto Franklin Academy computers (including laptops, desktops, and network), a student user must receive express permission from the Franklin Academy chief technology officer or designee. The use of such software will be subject to any restrictions imposed by the chief technology officer or designee. All software must be legally licensed by the user or the Franklin Academy prior to loading onto Franklin Academy equipment. The unauthorized use of and/or copying of software is illegal.
C. Prohibited Uses: Individual users of the Internet are expected to abide by the generally accepted rules of network etiquette. The following are specifically not permitted. Franklin Academy electronic information resources may not be used for the following purposes:

C1. Commercial Use: Using Franklin Academy computers for personal or private gain, personal business, or commercial advantage is prohibited.

C2. Political Use: Using Franklin Academy computers to advocate, directly or indirectly, for or against legislation is prohibited.

C3. Illegal or Inappropriate Use: Using Franklin Academy computers for illegal, harassing, vandalizing, or inappropriate purposes, or in support of such activities is prohibited.

Illegal activities are any violations of federal, state, or local laws and include, but are not limited to, copyright infringement and/or illegal file sharing; posting or publishing false or defamatory information about a person or organization; committing fraud; cyberstalking; cyberharassment; threatening another person; or intentionally engaging in communications for the purpose of abusing, annoying, threatening, terrifying, harassing, or embarrassing another person.

Harassment includes, but is not limited to, slurs, comments, jokes, innuendoes, unwelcome compliments, cartoons, visual depictions, pranks, or verbal conduct relating to an individual that (1) have the purpose or effect of creating an intimidating, hostile or offensive environment; (2) have the purpose or effect of unreasonably interfering with an individual’ work or school performance, or (3) interfere with school operations.

Vandalism is any attempt to harm or destroy the operating system, hardware, application software, or data. Inappropriate use is any violation of other provisions of this policy and includes, but is not limited to, using another person’ ID or password; giving out one’ user ID or password; plagiarizing; accessing, producing, storing, posting, sending, displaying, or viewing inappropriate or offensive material, including pornographic, obscene, discriminatory, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually suggestive language or images, or images of exposed private body parts; and accessing material advocating illegal acts or violence, including hate literature.

The Franklin Academy network may not be used for downloading entertainment software or other files not related to the mission and objectives of Franklin Academy for use on Franklin Academy's network or computers or transfer to a user’s home computer or other personal computer. This prohibition pertains to freeware, shareware, copyrighted commercial and non-commercial software, and all other forms of software and files not directly related to the instructional and administrative purposes of the Franklin Academy.

C4. Unauthorized Use: Franklin Academy electronic devices may only be used by Franklin Academy staff and students, and others expressly authorized by the Franklin Academy to use the equipment.

C5. Disruptive Use: Franklin Academy electronic devices may not be used to interfere with or disrupt other users, services, or equipment. For example, disruptions include, but are not limited to, distribution of unsolicited advertising (spam), propagation of computer viruses, distribution of large quantities of information that may overwhelm the system (i.e. chain letters, network games, or broadcasting messages), and any unauthorized access to or destruction of Franklin Academy computers or other resources accessible through the Franklin Academy computer network (cracking or hacking). Disruptive use may also be considered inappropriate and/or illegal.
The following are considered disruptions and are also prohibited: posting personal or private information about the user or other people on the Internet; arranging or agreeing to meet with someone the user has met on-line for purposes other than official school business; attempting to gain unauthorized access to the Franklin Academy network, electronic devices, or systems; installing, downloading, storing, or running software used for hacking; attempting to bypass any Franklin Academy security control; posting information that could be disruptive, cause damage, or endanger students or staff; and accessing chat-rooms unless for a valid educational purpose or official school and/or Franklin Academy business.

D. This policy is applicable to all student users of Franklin Academy electronic devices and refers to all electronic information resources whether individually controlled, shared, stand alone, or networked. Disciplinary action, if any, for students or other users shall be consistent with the Franklin Academy standard policies and practices, including the Franklin Academy Student Handbooks. Violations may constitute cause for revocation of access privileges, suspension of access to Franklin Academy electronic devices, other disciplinary action, and/or appropriate legal action. Specific disciplinary measures will be determined on a case-by-case basis.

E. Franklin Academy electronic information resources, the Internet, and use of e-mail are not inherently secure or private. Students shall have no expectation of privacy while using Franklin Academy electronic information resources. The Franklin Academy reserves the right to search data or e-mail stored on all school-owned or leased computers or other electronic information resources at any time for any reason. The Franklin Academy reserves the right to monitor students’ use of Franklin Academy electronic information resources and to take appropriate disciplinary action based on use that is in violation of this policy. The Franklin Academy reserves the right to disclose any electronic message or data to law enforcement officials, and under some circumstances, may be required to disclose information to law enforcement officials or other third parties, for example, in response to a subpoena or court order.

F. Security on any computer system is a high priority, especially when the system involves many users. Students are responsible for reporting information security violations to appropriate personnel. Students should not demonstrate suspected security violations to other users. Attempts to log onto any system with escalated privileges may result in cancellation of user privileges and may result in additional disciplinary action. Any user identified as a security risk or having a history of problems with other computer systems may be denied access.

G. Users of Franklin Academy computers are expected to respect the Franklin Academy property and be responsible in using the equipment. Users are to follow any Franklin Academy instructions regarding maintenance or care of the equipment. Users may be held responsible for any damage caused by intentional or negligent acts in caring for Franklin Academy electronic devices while under their control.

H. The Franklin Academy makes no warranties of any kind, whether express or implied, for the service it is providing. The Franklin Academy will not be responsible for any damages suffered by users, including loss of data resulting from delays, non-delivery, service interruptions, or any other cause. The Franklin Academy will not be responsible for any claims, losses, damages, costs, or other obligations arising from the unauthorized use of Franklin Academy electronic information resources. Use of any information obtained via the Internet is at the user’s risk. The Franklin Academy specifically denies any responsibility for the accuracy or quality of information obtained through its service. Users are responsible for any losses sustained by the Franklin Academy resulting from the user’ intentional misuse of the Franklin Academy electronic information resources.

FRANKLIN ACADEMY

ELECTRONICS AND INTERNET POLICIES

STUDENT INTERNET ACCESS AND ELECTRONIC MAIL

The Franklin Academy offers Internet access and electronic mail (e-mail) for student use. E-mail access is available for students in grade six and up. Access to the Internet will enable students to explore thousands of libraries and databases. Families are warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, students may find other ways to access other materials as well. We believe that the benefits to students exceed any disadvantages; but ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, The Franklin Academy supports and respects each family’s right to decide whether or not to grant permission for access. A student account agreement form has been developed by the school and must be signed by the student and parent/guardian before access is permitted.

Individual users of the Internet are expected to abide by the generally accepted rules of network etiquette. The following are not permitted:

1. Accessing, producing, posting, sending, or displaying material that is offensive in nature.

ELECTRONIC DEVICES AND PERSONAL ITEMS BROUGHT TO SCHOOL

No student shall use on school property any wireless communication device, including but not necessarily limited to, cellular telephones, paging devices, electronic games and two-way radios. These devices are not appropriate in the classroom as students are not permitted to use them during the school day. Students are strongly discouraged from bringing Kindles, Nooks, or other e-Readers to school due to their high cost. The Franklin Academy will not be responsible for any theft and/or destruction of such devices should a child choose to bring them to school.

A student who brings a firearm to school shall be subject to a 365-day suspension or expulsion.

When a school administrator has reasonable belief that an act has occurred on school property involving assault resulting in serious personal injury, sexual offense, rape, kidnapping, indecent liberties with a minor, assault involving the use of a weapon, possession of a firearm in violation of the law, possession of a weapon in violation of the law, or possession of a controlled substance in violation of the law, the school official shall report immediately such violation to the proper law enforcement agency. [Legal Reference: G.S. 115C – 391 and 115C-288 (g)].

The principal of each school, and his/her authorized representatives have the authority to conduct reasonable interrogations of students in order to properly investigate charges of misconduct.

STUDENT LEAVE DURING PENDING INVESTIGATION
When necessary, a student may be placed on an investigatory leave to permit the principal and his/her authorized representatives to investigate actions, including but not limited to dishonesty, theft, violence or threats of violence, acts endangering others, use or distribution of unauthorized substances or any other conduct that warrants removing the student from the school as a means of maintaining the learning environment. The leave will be confirmed in writing, stating the reason and the expected duration of the leave. Upon conclusion of the investigation, the student and parents will be informed in writing of the findings and determination of consequences.

CORPORAL PUNISHMENT
The Franklin Academy prohibits the use of corporal punishment.

PLAGIARISM
What is Plagiarism? Plagiarism includes:
- Direct copying of the work submitted as a the student’s own (i.e. from that of another student, or other person, from an internet source, from a print source)
- Lack of in-text or in-project documentation to indicate the thoughts, ideas of another source/author
- Documentation that does not check out or does not match Works Cited/Works Consulted
- Work that suddenly appears on final due dates without a clear provenance (does not include checkpoint process requirements)

Why is it wrong? Plagiarism is using words, phrases, or ideas that you did not create on your own without acknowledging their original source. Plagiarism is wrong because it is a form of cheating; meaning that it is dishonest thievery, and it violates other writers’ rights. Not to mention that students are essentially cheating themselves out of a valuable educational experience when they fail to complete their own work.

What are the consequences of plagiarism at the Franklin Academy? Students who plagiarize are violating the student code of conduct, whether the student intended to plagiarize or not. Therefore, any student in violation of this policy will be penalized in accordance with the Franklin Academy discipline policy.

STUDENT BEHAVIOR AND FIELD TRIPS/OFF-CAMPUS ACTIVITIES
Students who are suspended from school for any reason may be required to have a parent chaperone them on any field trips/off-campus activities for the remainder of the school year in which the suspension occurs. Students who incur 3 or more suspensions will not be permitted to attend any field trips/off-campus activities for the remainder of the school year.

STUDENT PRIVACY AND SCHOOL DISCIPLINE
Franklin Academy is committed to providing equitable learning for all students. We have policies and protocols in place to prevent any disruption to the learning environment. Due to privacy laws, we are unable to discuss appropriate disciplinary consequences about a specific student.

FRANKLIN ACADEMY

PROHIBITION OF HARASSMENT, INTIMIDATION AND BULLYING

Franklin Academy is committed to a safe and civil educational environment for all students, employees, volunteer and patrons, free from harassment, intimidation or bullying. At Franklin Academy, bullying or harassment of any child—whether or not motivated by an actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, socioeconomic status, academic status, gender identity, physical appearance, sexual orientation or mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have one or more of these characteristics—is not acceptable and will not be tolerated. Every staff member, teacher, volunteer and student associated with this school is expected to treat their fellow colleagues, students, peers and classmates with respect and compassion—regardless of differences.

Pursuant to GS section 115C-407.5 (a), bullying or harassing behavior is defined as: any pattern of gestures or written, electronic or verbal communications, any physical act or threatening communication, that takes place on school property, at any school-sponsored event or on a school bus, and that:

- Places a student or school employee in actual or reasonable fear of harm to his or her person or damage to his or her property; or
- Creates or is certain to create a hostile environment by substantially interfering with or impairing a student’s educational performance, opportunities or benefits. For the purposes of this section, ‘hostile environment’ means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

“Bullying or harassing behavior includes, but is not limited to, acts reasonably perceived as being motivated by an actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, socioeconomic status, academic status, gender identity, physical appearance, sexual orientation or mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have one or more of these characteristics.”

Nothing in this policy requires the affected student to possess a characteristic that is a perceived basis for the harassment, intimidation, or bullying, or other distinguishing characteristic.

Any school employee, student or volunteer who has witnessed or has reliable information that a student or school employee has been subject to an act of bullying or harassing behavior should report the incident to the Principal or his designee.

Harassment on the basis of affirmation or discussion of behaviors associated with the terms, “sexual orientation” or “gender identity”, including homosexuality, bisexuality and transgenderism, are expressly prohibited.

Harassment, intimidation or bullying can take many forms including: slurs, rumors, jokes, innuendo’s, demeaning comments, drawing cartoons, pranks, gestures, physical attacks, threats, or other written, oral or physical actions. “Intentional acts” refers to the individual’s choice to engage in the act rather than the ultimate impact of the action(s).

In recognition of state and federal laws protecting freedoms of speech and religion, including GS section 115C-407.8 (a), this policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the education environment. Many behaviors that do not rise to the level of harassment, intimidation, or bullying may still be prohibited by other school policies or building, classroom, or program rules.

Counseling, corrective discipline and referral to law enforcement will be used to change the behavior of the perpetrator and remediate the impact on the victim. This includes appropriate intervention, restoration of a positive climate, and support for victims and others impacted by the violation. False reports or retaliation against any person for reporting harassment, intimidation or bullying also constitute violations of this policy.
PROHIBITION OF HARASSMENT, INTIMIDATION AND BULLYING

STUDENT PROCEDURES FOR REPORTING AND RESOLVING COMPLAINTS OF HARASSMENT, INTIMIDATION, AND BULLYING

Informal Complaint Process: Anyone may use informal procedures to report and resolve complaints of harassment, intimidation, or bullying. Programs may be established for receiving anonymous complaints, but no disciplinary action can be taken based on an anonymous complaint. Such complaints must be appropriately investigated and handled consistent with due process requirements. Informal reports may be made to any staff member, although staff shall always inform complainants of their right to, and the process for, filing a formal complaint. Staff shall also direct potential complaints to the administrator or their designee who can explain the informal and formal complaint process and what a complainant can expect. Staff shall also inform an appropriate supervisor or designated staff person when they receive complaints of harassment, intimidation, or bullying, especially when the complaint is beyond their training to resolve or alleges serious misconduct.

Informal remedies include an opportunity for the complainant to explain to the alleged perpetrator that the conduct is unwelcome, disruptive, or inappropriate either in writing or face-to-face; a statement from a staff member to the alleged perpetrator that the alleged conduct is not appropriate and could lead to discipline if proven or repeated; or a general public statement from an administrator reviewing the school harassment, intimidation and bullying policy without identifying the complainant, parent, guardian.

Formal Complaint Process: Anyone may initiate a formal complaint of harassment, intimidation or bullying, even if the informal complaint process is being utilized. Complainants should not be promised confidentiality at the onset of an investigation. It cannot be predicted what will be discovered or what kind of hearing may result. Efforts should be made to increase the confidence and trust of the person making the complaint. The school will fully implement the anti-retaliation provisions of this policy to protect complainants and witness(es). Student complainants and witnesses may have a parent or trusted adult with them, if requested, during any school initiated investigatory activities. The administrator or designated compliance officer (hereinafter referred to as the compliance officer) may conclude that the school needs to conduct an investigation based on information in their possession regardless of the complainant’s interest in filing a formal complaint. The following process shall be followed:

A. All formal complaints shall be in writing and state that they intend to file a formal complaint. Formal complaints shall set forth the specific acts, conditions or circumstances alleged to have occurred that may constitute harassment, intimidation or bullying. The compliance officer may draft the complaint based on the report of the complainant, for the complainant to review and sign.

B. Regardless of the complainant’s interest in filing a formal complaint, the compliance officer may conclude that the school needs to draft a formal complaint based on the information in the officer’s possession.

C. The compliance officer shall investigate all formal, written complaints of harassment, intimidation or bullying, and other information in the compliance officer’s possession that the officer believes requires further investigation.

D. When the investigation is completed the compliance officer shall compile a full written report of the complaint and the result of the investigation. If the matter has not been resolved to the complainant’s satisfaction, the administrator shall take further action on the report.

E. The principal or designee, who is not the compliance officer, shall respond in writing to the complainant and the accused within thirty days, stating:

1. That the school intends to take corrective action; or
2. That the investigation is incomplete to date and will be continuing; or
3. That the school does not have adequate evidence to conclude that bullying, harassment or intimidation occurred.
F. Corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty days after the principal's written response, unless the accused is appealing the imposition of discipline. In that event, the accused must provide a written appeal within 15 days of the written response to the Chairperson of the Board of Directors.

G. If a student remains aggrieved by the principal's or designee's response, the student may file a written appeal to the Chairperson of Board of Directors within 15 days of the written response.

H. The Board will hear the appeal in closed session and may invite witnesses to provide testimony in the closed session. The appealing student and their parents or guardian have a right to be present and present relevant evidence and testimony of witnesses. The Board has the absolute discretion to refuse to hear from any witness in the interests of time, privacy or of justice. The Board will issue a written decision within 5 days of the hearing.

**SEXUAL HARASSMENT**

The Franklin Academy Board believes that all staff and students are entitled to work and learn in school-related environments that are free from sexual harassment. The Board prohibits staff and students from participating in any form of sexual harassment. Complaints of sexual harassment should be made to a faculty member or reported directly to the administrator. When evidence of sexual harassment is established, disciplinary action will be taken.

A student does not have to report a sexual harassment incident for an investigation to begin, if a staff member knows or, in the exercise of reasonable care, should have known about the harassment. Sexual harassment between students is a serious violation of the Student Code of Conduct and may result in the suspension or expulsion of the offender. Students who are guilty of sexual harassment will receive a minimum consequence of a one-day suspension.

Once a sexual harassment claim is made, it will be promptly and thoroughly investigated. Evaluations of sexual harassment complaints are made on a case-by-case basis. The actions taken will be consistent with ending the sexual harassment, elimination of the hostile environment, and preventing the harassment from occurring again.

**DEFINITIONS**

*Sexual Harassment*

Unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

- submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s academic achievement/advancement (quid pro quo), or
- submission to, or rejection of such conduct by an individual is used as the basis for decisions affecting such individual in matters of academic achievement/advancement (quid pro quo), or
- the conduct has the intention or effect of unreasonably interfering with an individual’s academic performance or of creating an intimidating, hostile, or offensive learning environment.
PROHIBITION OF HARASSMENT, INTIMIDATION AND BULLYING

Sexual harassment may involve persons of the opposite sex or persons of the same sex, but it does not include personal compliments welcomed by the recipient, or social interaction or relationships freely entered into by the parties.

Unwelcome

Unwelcome means that the staff member or student does not request or invite the conduct and views it as offensive and undesirable. Any unwanted sexual behavior can be sexual harassment, even if the behavior has been tolerated in the past. A student may feel that objecting would increase the harassing conduct, or feel too embarrassed, confused, or fearful to complain or resist. It is also possible that a student who willingly participates in conduct on one occasion may later decide that the same conduct on a subsequent occasion has become unwelcome. As long as the behavior is unwelcome and creates a hostile environment, it is harassment.

Quid pro quo

Quid pro quo is a legal term that means “something for something.” This form of sexual harassment involves one person (or persons) asking to trade sexual favors for “something.” For example, in relation to the Franklin Academy that “something” could be a written copy of a paper that a student plagiarizes or a grade given to a student by a staff member, both in trade for a sexual favor.

Hostile Environment

A hostile environment exists when sexual harassment is repeated and/or severe, and when it makes it difficult to learn or participate in schoolwork or school activities. It can affect other people and not just the person targeted. Other people can be affected when unwelcome sexually harassing conduct is severe, persistent, or pervasive, creating an environment that is intimidating, abusive or threatening.

SEXUAL HARASSMENT GRIEVANCE PROCEDURE

The Franklin Academy will investigate and resolve all sexual harassment complaints as soon as they are reported. The following steps outline the procedure for investigation of sexual harassment complaints:

1. The victim (or victim’s advocate) should alert a staff member or one of the administrators. The complaint should include the incident date(s), time of day, actions or words said by all people involved, and the names of possible witnesses who observed the incident. The Franklin Academy will take every effort to prevent public disclosure of the names of all parties involved except to the extent necessary to investigate the complaint.

2. The administrator will review and investigate the complaint to determine the appropriate course of action. If there are insufficient grounds to support the complaint, then the complaint is filed and the procedure is concluded. If there is sufficient evidence to proceed, then the administrator will review the grievance procedure with the parent/guardian or the student who reported the incident.

3. The alleged harasser will be informed of the complaint and advised of the grievance procedure.

4. Interim measures may be taken to protect the accuser during the investigation. These measures may include reporting the incident to law enforcement officials, separating those involved, or allowing the person claiming harassment to transfer to another class. The Franklin Academy will inform the alleged harasser that Title IX prohibits retaliation, and evidence of such action will result in a strong responsive action against the alleged harasser.

5. All staff or students involved with the complaint will be informed of the status of the complaint. All parties directly involved in the complaint will be notified of the outcome after The Franklin Academy staff has determined the appropriate course of action. (This does not include witnesses or others that were interviewed during the investigation). If necessary, The Franklin Academy Board may be consulted before a final decision is made on the complaint.

6. If harassment is substantiated, The Franklin Academy is obligated to stop the behavior(s) and ensure no future incidents occur. This includes eliminating “quid pro quo” harassment, hostile environments, or repetitive behaviors by students or staff. An appropriate sanction will be determined by the school administrator.

7. All parties in a complaint have the opportunity to appeal to the Franklin Academy Board of Directors.
IMPORTANT INFORMATION FOR PARENTS

AHERA MANAGEMENT PLAN
Each year, in compliance with the US Environmental Protection Agency (EPA) Asbestos Hazards Emergency Response Act (AHERA), we are required to notify all Franklin Academy Families and Staff that our school does not contain any asbestos-containing building materials (ACBMs).

Per AHERA regulation, we also have a signed statement from the project engineer responsible for constructing the school stating that no asbestos-containing building materials were specified for use in the construction of the school.

The EPA requires all Public, Charter and Non-Profit Private Schools to annually notify their student's families and staff that we are aware of the AHERA regulation, and that we are in compliance. The Management Plan is on file in the office and available for review upon request.

BIRTHDAY CELEBRATIONS AND SNACKS
We recognize that students enjoy birthday celebrations and special snacks at school, along with the importance of making healthy choices. In order to serve as good role models for our students and encourage healthy nutritional choices, the school asks that parents consider healthy alternatives for these celebrations. It is also important that we are responsive to students with food allergies or dietary restrictions. Please consider the options listed below for birthday celebrations or other special events. The homeroom teacher must approve all snacks brought into the school. Thank you for your support as we work to provide a safe and healthy environment for all students.

ADMINISTRATIVE DISCRETION AND STUDENT HANDBOOKS
These handbooks are provided to present an overview of the policies, regulations and procedures followed at the Franklin Academy. Handbooks are not intended to restrict in any way the authority of the school’s administrators, teachers or staff to make such rules, not inconsistent with this code, as they are authorized by law to make for the operation of their school or classes. The Board of Directors encourages and supports the right of the school’s administrators to employ a variety of disciplinary actions which may include, but are not limited to, suspension from school events and activities and out-of-school suspension.
**FRANKLIN ACADEMY**

**IMPORTANT INFORMATION FOR PARENTS**

**CRISIS PLAN**
The Franklin Academy has a fully developed crisis plan in place to deal with any type of emergency.

The safety and welfare of our students is top priority. Staff and students are familiar with their roles and responsibilities during an emergency, and practice procedures through drills. School administrators collaborate with local law enforcement agencies to provide a safe learning environment for students on a regular basis. In some emergency situations, it may be necessary for the school to be placed on lockdown.

Once a lockdown is in place, police and school administrators work together to ensure the safety of everyone on campus. Once the situation has been stabilized, an email will be sent to parents to inform them that the school was placed on lockdown and the nature of the incident. During a lockdown, your child’s school is a secure area. School officials and law enforcement are working together to keep everyone safe. To ensure the safety of all involved, we ask that parents please refrain from coming to school campuses during a lockdown. Once the all-clear is given, students and staff will be permitted to enter and exit the school again.

If the school must evacuate for a prolonged period of time, children in grades K-2 will be escorted to the Brookdale Senior Center; children in grades 3-8 will be escorted to the Heritage Golf Club. Dismissal and sign-outs will take place there.

Our school conducts quarterly announced (to teachers and staff) and unannounced drills to prepare and practice our procedures. Students are not made aware of these drills in advance but will be notified by staff at the conclusion of the drill that a drill was completed.

School doors remain locked at all times. Please help staff to provide a safe and conducive learning environment, by limiting traffic in and out of the building during the school day.

**CUSTODY CONCERNS**
A student may be picked up from school by a parent or by the persons designated on the emergency card. Any other person must be verified by the prime custodial parent (i.e., the parent with whom the child resides). If one parent is not allowed to pick up the child, the school must have in our possession a current signed court order (restraining order) in order to prevent it. The Franklin Academy will remain neutral in all family matters and follow all orders in our possession that are made through the Court as they are written. The Franklin Academy will not amend or make exceptions to these orders unless the order itself has been updated by the court reflecting the requested changes.

**DELIVERIES**
Students will not be permitted to receive any deliveries on campus or for any occasion.

**DISSEMINATION OF INFORMATION CONCERNING STUDENTS**
In accordance with FERPA, The Franklin Academy will not develop nor maintain a directory of student-related information for distribution to educational, occupational, or military recruiters. Parents/guardians must request, in writing, the release of student record information to such agencies on a case-by-case basis.
IMPORTANT INFORMATION FOR PARENTS

FERPA: PARENTS’ RIGHTS REGARDING STUDENT RECORDS
The Family Educational Rights and Privacy Act (FERPA) affords parents and students, over 18 years of age, certain rights with respect to the student’s educational records. Unless a school has written legal documentation that denies release of student records to a parent or guardian, all rights of access will be afforded to both parents. Parents have the right to see, challenge, and/or receive a copy of their child’s educational records. They should contact the administrator to exercise their right.
1. The school will let parents inspect and review their child’s records within 45 days of the day the school receives a request for access.
2. Parents may have copies of their child’s records.
3. Parents may request an explanation of their child’s records by school officials.
4. Parents may challenge any records they think are inaccurate.
5. The school will let parents inspect and review their child’s records within 45 days of the day the school receives a request for access.
6. Parents may have copies of their child’s records.
7. Parents may request an explanation of their child’s records by school officials.
8. Parents may challenge any records they think are inaccurate.
9. Parents may also exercise opt-out opportunities through surveys covered by the Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. 1232h

FRANKLIN ACADEMY PARENT SUPPORT (FAPs)
The Franklin Academy Parent Support is the parent/teacher organization at our school. Its purpose is to assist in the promotion of excellence in the programs and atmosphere at the Franklin Academy. FAPs provides aid and services for the school’s educational and social activities. All are welcome to attend. Please contact the school’s office for more information.

FUNDRAISING AND THE FRANKLIN ACADEMY
The Franklin Academy Boards’ stance and expectation of fundraising is in accordance with our school's mission statement. Activities prohibited by the Board of Directors includes community service and/or fundraising activities that require pledging of money, activities that are tied to collecting funds and/or competitions tied to any allowed community service/fundraising activity. Our board feels strongly that applying pressure and commercializing our school not be the approved outcome of any community service venture.

GUIDELINES PERTAINING TO THE FLAG AND PLEDGE OF ALLEGIANCE
The flag and Pledge of Allegiance to the flag are important symbols of the democratic heritage of the United States. The pledge is said at the beginning of the day in school. Students who, because of religious or other deep personal conviction, do not participate in the salute and Pledge of Allegiance to the flag will stand or sit in silence.

Movies
Movies may be utilized by teachers to enhance or reinforce something that is being taught in the classroom. There are a few occasions that movies are shown as a reward or part of a classroom celebration. Teachers must preview movies before they are shown to the class and movie showing is limited. The Franklin Academy observes the movie/TV rating guides as instituted by the Motion Picture Industry. Educational films and G-rated movies are allowed to be shown for student's grades K-8. Parents/Guardians will receive information if a PG movie will be shown at school and must provide permission for their child to view the movie. The information will include a synopsis of the movie and the reason for the movie (i.e. celebration, reward).

Request for a Specific Teacher
Franklin Academy does not accept requests for specific teachers. Considerations of educational, academic and social factors are the primary determinants in placement decisions for every child. Please notify school administrator with any specific issues that need to be considered regarding placement.
SERVICES PROVIDED BY OUTSIDE AGENCIES NOT CONTRACTED BY THE SCHOOL

A number of private and other outside agencies have contacted the school requesting to provide students with psychological, social work, counseling or other specialized services within the school building during school hours. The agencies are requesting to utilize the Franklin Academy school property to deliver such services. There is a critical need for our students to receive a myriad of social and other supportive services. Franklin Academy provides many of these services to students. It is important to encourage families to take advantage of opportunities offered as well in the community. Private agency services, however, may not be delivered in Franklin Academy facilities. Franklin Academy must assure that all staff and volunteers who are working with children have passed the required background checks and have the appropriate oversight and supervision of the services. There are also significant issues of liability for the actions of or injuries to non-Franklin Academy employees while in a school or while performing activities, which are not a part of Franklin Academy service delivery. In the future there may be more collaborative relationships that are developed and approved by the school. Building administrators will be informed as these develop so they have sufficient information in order to continue to protect the safety and confidentiality of students.

STUDENTS SELLING ITEMS AT SCHOOL

Students are strictly prohibited from selling any items of any kind at any time while at school.
**IMPORTANT INFORMATION FOR PARENTS**

**SUICIDE THREATS AND MENTAL HEALTH ASSESSMENTS**

[Legal Reference: G.S. 115X-391, Craig O. v. Buncombe Co. Board of Education, 318 NC 285]

**VISITORS**
Franklin Academy Schools are Closed Campuses. As a result, visitor access will be limited during the school day. All visitors are to report to the school office before going to any other part of the building. This includes parents eating lunch, parent volunteers, parents coming in just to visit, and all others entering the building. Strangers in the building will be asked if assistance is needed and then directed to the office. In no case, should a parent take a child from the school without signing the “Sign-Out Form” in the office.

The Franklin Academy believes while parent and community involvement are encouraged, student and staff safety and protection of instructional time must be maintained. **Parent conferences, volunteer activities, and ANY visits should be by appointment only and ARRANGEMENTS MUST BE MADE IN ADVANCE and agreed upon by all participants.** No individual shall by use of passive resistance, noise, threat, fear, intimidation, coercion, force, violence or any other form of conduct cause disruption of any lawful function, mission or process of the school. Please note: If Franklin Academy receives a request for records from another school we are legally required to provide those records in a timely manner. In such instances, your child will be withdrawn from the school in order to facilitate the issuance of the records requested. Once withdrawn, children will need to re-enter through the lottery system.
CONCUSSION POLICY

Franklin Academy Charter School
Management of Concussions

Franklin Academy Charter School has developed this protocol to address the issue of the management of concussions for enrolled students.

A safe return to activity protocol (learning and athletics) is important for all students following any injury, but it is essential after a concussion. The goal of this concussion protocol is to ensure that concussed students are identified, treated and accommodated appropriately for Return to Learn and Return to Play. Consistent use of a concussion management protocol will ensure that the student receives appropriate support and/or academic accommodations, as needed, prior to returning to full academics and athletic activity.

All coaches are required to certify concussion management training annually. Parents and athletes must be educated about concussions annually. The written documentation of the annual training shall be maintained by FACS Athletic Director.

All teachers are required to attend staff development, annually, on concussions and other brain injuries with particular focus on Return to Learn. The written documentation of the annual training shall be maintained by FACS Administration.

Recognition of Concussion
These signs and symptoms – following a witnessed or suspected blow to the head or body – are indicative of a probable concussion.

Any student who exhibits signs, symptoms, or behaviors consistent with a concussion must be removed from competition, practice or play and will not be allowed to train or compete with a school athletic team until the athlete has been examined by and received written permission to participate in athletic activities from a health care provider.
Athletes with a suspected concussion should not be permitted to drive home.

School must notify parents/guardians within 24 hours if student sustains a concussion.

**Return to Learn Protocol:** The following steps are required before the student can return to academic activity. When a student is ready for Step 3 of Return to Learn, the school will complete a Concussion Care Plan with an appropriate team (student, student’s parents, principal, social worker, teachers, etc.).

**Step 1:** Home - Total Rest  
**Step 2:** Home – Light Mental Activity  
**Step 3:** School – Part time – maximum accommodations  
**Step 4:** School – Part time – moderate accommodations  
**Step 5:** School – Part time – minimal accommodations  
**Step 6:** School – Part time – full academics, no accommodations

**Return to Play Protocol for Student Athletes:** The Return to Play plan should start only when a student has been without any symptoms for 24 hours.

- It is important to wait for 24 hours between steps because symptoms may develop several hours after completing a step.  
- The student should not take any pain medications while moving through this plan (no ibuprofen, aspirin, Aleve, or Tylenol).  
- This program should be supervised by a health care professional trained in the management of concussions

  **Step 1:** 20-30 minutes of cardio activity: walking, stationary bike. Weightlifting at light intensity: low weight, high reps.

  **Step 2:** 30 minutes of cardio activity: jogging at medium pace.  
  Sit-ups, push-ups, lunge walks x 25 each. Weightlifting at moderate intensity.

  **Step 3:** 30 minutes of cardio activity: jogging at medium pace.  
  Sit-ups, push-ups, lunge walks x 25 each. Resume regular weightlifting routine.

  **Step 4:** Participate in non-contact practice drills. Warm-up and stretch x 10 minutes. Intense, non-contact, sport-specific agility drills x 60 minutes.

  **Step 5:** Participate in controlled contact practice.

  **Step 6:** Resume full participation in competition.
CONCUSSION POLICY

Concussion Care Plan: Once the school is in receipt of a medical diagnosis of concussion, the following actions are taken:

- The recommendations made by the doctor are reviewed by the student, student's parents, teachers and administration to determine what accommodations are necessary to help assist the student as they attend school while healing.
- These accommodations are then documented on the Concussion Care Plan and provided to all teachers who work with the student, office personnel and the parents to ensure that the accommodations are clear, communicated and implemented across classroom settings.
- As updates are made to the Concussion Care Plan, updated accommodations are reported to the teachers to ensure they are abreast of progress made in healing and/or continued need for accommodations.
- These accommodations remain in place until the student is cleared to return to regular school and physical activities by their healthcare provider.

*Remember: When in doubt, sit them out!*
FRANKLIN ACADEMY

PLANNING FOR HIGH SCHOOL

- As a college preparatory school, all students should take a minimum of at least 2 years of a foreign language, preferably during their 9th and 10th grade years.
- Complete and pass the Senior Project as prescribed in the Franklin Academy Senior Project Handbook.
  - It is required that Research & Writing and Public Speaking be taken during the sophomore year

Along with the above courses, students are expected to earn passing scores on the End-of-Course tests required for the following courses: Algebra I, Biology, and English II. The End-of-Course test results also count as 20 percent of the student’s final yearlong grade. 11th grade students are required to take the ACT as well.

EXPLANATION OF LOCAL REQUIREMENT COMPONENTS

Community Service

Students who attend Franklin Academy will be required to complete a total of 100 hours participating in community service as a graduation requirement. The students will be required to complete a minimum of 25 hours per school year with the option of completing all of their community service hours at any time. See below for more information with regard to this requirement:

- Students who enter the Franklin Academy in the middle of their high school career will need to complete a minimum of 25 hours per school year until their senior year.
  - The requirement may be fulfilled in a variety of ways, however students are encouraged to gain pre-approval of activities prior to completing them.
- Students will need to provide documentation of service hours by completing a community service form. Please note that a supervising adult’s signature is REQUIRED on this form. Parents or other family members are not permitted to sign for their child’s service.
- Students should be involved in activities that are volunteer opportunities only. Students may not apply time spent for personal family activities toward their community service requirement.
- Students should not exceed 8-hours per day of service.
- In addition, community service is the most popular requirement of many scholarships closely following a student’s grade point average.
- The Franklin Academy hopes to promote a feeling of community, citizenship, and growth in character through this requirement.

* It is required that Research & Writing and Public Speaking be taken during the sophomore year
Planning for High School

Community Service Guidelines
Students should count activities that involve direct service to the community through independently arranged activities or through participation through established agencies. Non-performing activities through church youth groups, cultural organizations, and established non-profit agencies are good choices. Any community service activity that may be in question should be preapproved before completing the activity to ensure it would satisfy the requirements for the school. All hours must be submitted to the office within 6 months of completion and all hours must be completed by the end of May of a student's senior year.

PSAT
In mid-October each year the PSAT is given at the Franklin Academy. PSAT/NMSQT stands for Preliminary SAT/National Merit Scholarship Qualifying Test. It is a standardized test that provides firsthand practice for the SAT I: Reasoning Test and SAT II: Writing Test. It also gives you a chance to qualify for National Merit Scholarship Corporation's (NMSC) scholarship programs. The PSAT/NMSQT measures: verbal reasoning skills, critical reading skills, math problem-solving skills, writing skill.

Academic Courses
Public Speaking and Research & Writing courses must be passed prior to graduating from the Franklin Academy. Each is a semester course earning the student .5 credit hours. Through evaluation of expectations of many major colleges and universities, these courses have proven to be invaluable when completed during high school.

- Public Speaking – This course prepares students for important moments in their lives: when they interview; when they are trying to persuade a group to see their point of view; or when interacting in a professional environment. It also teaches them to organize thoughts and to present them effectively.
- Research & Writing – This course is designed to have students explore their understanding of the world through questioning the basis of knowledge. The analysis and articulation of cultural perspectives will provide the students with a seamless understanding of important issues from the classical era of great thinkers to the modern theories in our world.
- Foreign Language—As a college preparatory school, all students should take at least 2 years of a foreign language. Franklin Academy expects all students to complete 2 consecutive years of a foreign language during grades 9-12.

Senior Research Project
The purpose of the senior project is to allow every graduating senior to exhibit the skills and knowledge that he or she has gained in high school. This project encourages the three “R’s” identified by the State Board of Education: Rigor, Relevance, and Relationships. Students develop and explore a rigorous research topic, establish a relationship with an expert mentor outside the school community, demonstrate relevance by presenting to a panel of judges, and create a culminating product that is a tangible and scholarly manifestation of the research.

The Components of the Senior Project
The Paper: Every senior will develop an Essential Question and Thesis Statement which is the foundation of the research. The paper must prove the thesis, answer the Essential Question, and reflect the student’s knowledge of the Modern Language Association’s (MLA) research format using a variety of credible and scholarly sources.

- The Presentation: After submitting and passing the research paper, each student will present his or her findings to a panel of judges. This is a formal and professional opportunity for the student to explain and elaborate on the information in the paper and answer questions from the judges. The presentation must be accompanied by a Power Point.
- The Product: Preferably, the product will be one that will benefit the greater community; however, this is not a requirement. All products must be completed outside of the school environment. The product is a physical manifestation of the results of the research.
- The Portfolio: The final assignment is to create a professional portfolio for the judges. The portfolio will include: the final paper, mentor and product logs, project proposal and letter of intent, mentor verification form, and the reflection on the research process.
